

Are you staffing the right people into the right roles?

Maybe we can help.

Competitive Pricing Structure

Dogwood's operations are lean and mean, and as a result, *we have a low administrative burden.* This lower burden helps to make finding the right people easy while strengthening your bottom line.

Unfilled openings?

If you have unfilled openings it's most likely costing you money. We know only too well the challenges that come in finding the right people and in filling your team with the best people— at competitive rates. We invite you to learn more.

Qualified Personnel

Dogwood knows where the best talent can be found, what they typically earn, and when they're available. We understand their priorities and what it takes to attract and retain them. Our talent pool is much broader and deeper than searching job boards. We leverage our existing talent and resume database as well as reaching into other employers via selective tools— a strategy that's more likely to result in a successful placement.

We have the reach and expert recruiting ability to find the people who meet your cultural and technical requirements— quickly and efficiently.

We have the processes

On gaining a better understanding of your requirements and goals, our team immediately goes to work. We have excellent processes to find, screen, interview, and match the right candidates to you and to your team— quickly, efficiently and accurately.

All candidates are interviewed, and we work to communicate your specific wants and needs to them, helping to ensure an ideal match between your needs and theirs.

Team with a winner!

We have a track record of solid, measurable results. Dogwood's staying power and creative solutions to our client's problems have been proven time and again.

In a recent D&B satisfaction survey among our clients, we scored a 98-99% in all categories— which is an A+ in anyone's book.

Veteran-Owned and Veteran-Led

As a veteran-owned business, our leadership team and our team believes in **full transparency.** We're ethical, we're experienced, and we know how to take ownership of our customer problems. We work hard— because at the end of the day, it's all about results.

Dogwood will always work to *earn* your business— by working hard, by working smart, by being fully transparent and by earning your trust.

That's "The Dogwood Difference."

Staying Power.

Since 2001, Dogwood has provided expert personnel for some of the largest companies in the world, and we have past performance references second to none!

We have the staying power and financial resources needed to staff the most challenging projects, as well as depth of available resources. *We invite you to learn more about the Dogwood difference.*
