

Transparency.

Simplicity. Accuracy. Transparency. It's all a part of the Dogwood difference.

Simplicity.

Since 2001, Dogwood has focused on making things EASY. How? We start by listening. We seek to fully understand, and we communicate back to you what we can (and what we can't) do.

Listening skills are at *all* levels of our organization, and are a defining skill that sets us apart from other vendors. You will be assigned a highly experienced point of contact— someone with years of hands-on experience. As a result, *you won't be spending your time having to educate us.*

This experience, when combined with a "can do" attitude towards our clients are what defines us. *We truly make it simple.*

Accuracy.

Finding the right candidates at the right rate can only be consistently accomplished by those who have a robust and mature series of procedures in place for finding, recruiting, screening and on-boarding candidates.

We do. We ensure that the people we bring to your project are ideally suited to the skills needed— as well as their being suited to *your* team. We look for the right technical skill sets— and the right project and culture skill sets. Quickly, efficiently.

As a result, we have a reputation for successful projects and productive people. Simple as that.

Lean Operations = Transparency

Dogwood's operations are lean, resulting *in a lower administrative burden than our competitors.*

This allows us to provide you with high quality candidates at competitive rates and being able to respond more quickly and efficiently.

Flexibility and Agility

Our lean operational strategy has other benefits as well, including shorter lines of communications and much more flexibility and agility in how we can help you! If you're looking for someone to help you take ownership of your business problems, we can help!

Veteran-Owned and Veteran-Led

As a veteran-owned business, our leadership team and our team believes in **full transparency**. We're ethical, we're experienced, and we know how to take ownership of our customer problems. We work hard— because at the end of the day, it's all about results.

Dogwood will always work to *earn* your business— by working hard, by working smart, by being fully transparent and by earning your trust.

That's "The Dogwood Difference."

Team with a winner!

Dogwood's staying power and creative solutions to our client's problems have been proven time and again. **In a Dunn & Bradstreet satisfaction survey among our clients, we scored an impressive 98%-99% in all categories— that's an A+ in anyone's book.**

If you're looking for a partner who focuses on simplicity, accuracy and transparency, shares your passion for hard work and who wants to help you succeed, we invite you to get us involved today!

 **Keys to Success**

"We're impressed with Dogwood's ability to deliver. They may be a small company, but they consistently give us large company results."
